

Burnet Relocation Services For HealthEast Care System

Burnet Relocation partners with HealthEast Care System to provide relocation assistance for HealthEast staff and their families when considering the move to the Greater Twin Cities area. Our complimentary assistance includes the following services:

Community Information:

Prior to your visit to the Twin Cities, we will provide you with a detailed community information packet about the area. The packet includes "The Good Life in Minnesota" book, the *Minnesota School House Magazine*, information about recreation, entertainment, education, real estate, and any other personal interests that are requested. We also include a comprehensive CD about the Twin Cities Metro Area and Western Wisconsin.

Personal Introduction to the Twin Cities:

Our relocation counselor will meet with you and your family at your hotel or a place that is convenient to you, to personally introduce you to the greater Twin Cities area. The overview includes information about the layout of the city, commute times, entertainment, real estate trends, schools, growth patterns, the Minnesota economic climate, and any pertinent issues that you want to discuss. Our relocation counselors are a resource throughout your move.

Community Tours and Home Purchase Assistance:

If your family is interested in touring communities prior to purchasing, we will work with you to

select an agent that has expertise in those communities. Our counselors will consider personality, experience, geographic area and price range when selecting an agent for you. Our agents will provide the community tours, as well as all the assistance you need to find and purchase a new home.

Rental Assistance:

If your family is interested in renting, our counselors will refer you to Burnet's rental team. Our rental team can help you find both short and long-term rental properties, including furnished and unfurnished apartments, townhomes, and single-family homes.

Household Goods Management:

Our in-house van line specialist offers assistance with coordinating all the details involved in moving your household goods. We work with major, reputable van line providers that offer you: discounts on transportation and storage, no cost, no-deductible, full replacement value coverage to \$100,000, guaranteed pick-up and delivery dates, and access to the industry's top-rated drivers. Burnet Relocation is an advocate for you throughout the entire move process.
